## **QUESTIONS**

**In general, what do you believe is working well?**

*Our ability to pressure FMC and Agencies to move project along.*

*Agency attention*

*Questions are presented well.*

*Answers are tried to be found.*

*The second half when we have our own discussion is very beneficial.*

*Last two meetings, some movement*

*A better bond between CIG- FMC and the agencies is improving all the time*

*The coordinator and staff do a nice job*

*I am very proud of this group. We have an exceptional group of people. Our website is excellent. Our meeting notes are excellent.*

**What suggestions do you have to improve the CIG process and its outcomes?**

*Stay on point with discussions.*

*More involvement from community*

*Keep pressure on agencies*

*Always try to stay positive and focus on the forward progress*

*Put out positive information an dates*

*There should be a few hard paper copies of the last month meeting notes for people who do not have easy access to a computer.*

**What do you believe are the most significant accomplishments of the CIG so far?**

*Getting agencies to listen, take our opinions into account when making decisions.*

*Getting the agencies to listen to us.*

*Timeline project schedule*

*That agencies seem to have a high regard for CIG*

*Keeping the meetings going towards a goal*

*See listing on back of CIG calendar*

**What would you feel the CIG should accomplish in 2009?**

*Move project along, get CMS started and provide input.*

*Keep the movement going forward.'*

*Corrective Measures plan ready for implementation*

*Get a date for remediation to begin in air deposition area*

*Get some jobs done by the Agencies*

*Just keep on doing what we are doing*

*NOTE: While 11 surveys were completed and tabulated, not all respondents answered every question. One also divided a response into ½ for one answer and ½ for another.*
